### **Technical data**

# Leuze

| Series  | 730   |
|---|---|
| Operating principle                               | Throughbeam principle   |
| Device type                                       | Receiver  |
| Contains  | 2x BT-NC sliding block  |
| Application                                       | Detection of transparent objects  |
|   | Object measurement  |
| Special version                                   |   |
| Special version                                   | Crossed-beam scanning   |
|   | Diagonal-beam scanning  |
|   | Parallel-beam scanning  |
| Optical data                                      |   |
| Operating range                                   | 0.1 4.5 m   |
| Operating range                                   | Guaranteed operating range  |
| Operating range, transparent media                | 0.1 1.75 m  |
| Operating range limit                             | 0.1 6 m   |
| Operating range limit                             | Typical operating range   |
| Measurement field length                          | 560 mm  |
| Number of beams                                   | 112 Piece(s)  |
| Beam spacing                                      | 5 mm  |
| Measurement data                                  |   |
| Minimum object diameter                           | 10 mm   |
| Electrical data                                   |   |
| Protective circuit                                | Polarity reversal protection  |
|   | Short circuit protected   |
|   | Transient protection  |
| Performance data                                  |   |
| Supply voltage U <sub>B</sub>                     | 18 30 V, DC   |
| Residual ripple                                   | 0 15 %, From U <sub>B</sub>   |
| Open-circuit current                              | 0 165 mA, The specified values refer<br>to the entire package consisting of trans<br>mitter and receiver. |

#### Notes

| Observe intended use!   |
|---|
| <ul> <li>This product is not a safety sensor and is not intended as personnel protection.</li> <li>The product may only be put into operation by competent persons.</li> <li>Only use the product in accordance with its intended use.</li> </ul> |

#### For UL applications:

 For UL applications, use is only permitted in Class 2 circuits in accordance with the NEC (National Electric Code).
 These proximity switches shall be used with UL Listed Cable assemblies rated 30V, 0.5A min, in the field installation, or equivalent (categories: CYJV/ CYJV7 or PVVA/PVVA7)

#### Accessories

#### Connection technology - Connection cables
