#### **Basic data**

| Basic data                          |  |
|-------------------------------------|--|
| Series                              | 25C  |
| Operating principle                 | Reference teach on reference surface<br>(plastic roller chain or plastic link<br>conveyor) |
| Application                         | Detection of bottle and can containers   |
| Special version                     |  |
| Special version                     | Teach input  |
| Optical data                        |  |
| Operating range                     | 0.08 0.4 m   |
| Operating range                     | Max. distance to reference surface   |
|                                     | Recommended exerciting renge:  |
| Operating range limit, white 90%    | Recommended operating range:<br>0.05 0.45 m  |
| Minimum object height               | 80 mm  |
| Light source                        | LED, Red   |
| Wavelength                          | 645 nm   |
| Transmitted-signal shape            | Pulsed   |
| LED group                           | Exempt group (in acc. with EN 62471)   |
|                                     |  |
| Electrical data                     |  |
| Protective circuit                  | Polarity reversal protection   |
|                                     | Short circuit protected  |
|                                     |  |
| Performance data                    |  |
| Supply voltage U <sub>B</sub>       | 12 30 V, DC, Incl. residual ripple   |
| Residual ripple                     | 0 15 %, From U <sub>B</sub>  |
| Open-circuit current                | 0 40 mA  |
| Inputs                              |  |
| Number of teach inputs              | 1 Piece(s)   |
|                                     |  |
| Teach inputs                        |  |
| Voltage type                        | DC   |
| Switching voltage                   | high: ≥10V   |
|                                     | $low: \leq 2 V$  |
| Input resistance                    | 22,000 Ω   |
| Teach input 1                       |  |
| Teach input 1<br>Assignment         | Connection 1, pin 2  |
| Function                            | Keyboard lockout   |
| -                                   | Setting the teach levels   |
| Active switching state              | High   |
|                                     |  |
| Outputs                             |  |
| Number of digital switching outputs | 1 Piece(s)   |
| Switching outputs                   |  |
| Voltage type                        | DC   |
| Switching current, max.             | 100 mA   |
| Switching voltage                   | high: ≥(U <sub>B</sub> -2.5V)  |
|                                     | low: ≤ 2.5 V   |
|                                     |  |
| Switching output 1                  |  |
| Assignment                          | Connection 1, pin 4  |
| Switching element                   | Transistor, Push-pull  |
| Switching principle                 | IO-Link / light switching (PNP)/dark swit-<br>ching (NPN)                                  |
|                                     |  |
|                                     |  |

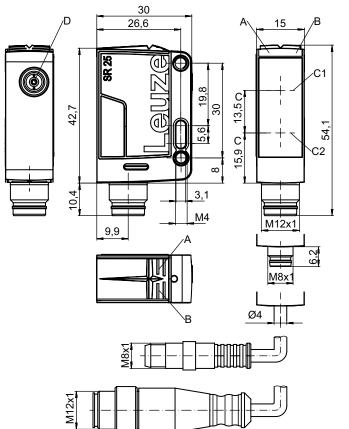

| Time behavior                       |   |
|-------------------------------------|---|
| Switching frequency                 | 300 Hz                                    |
| Response time                       | 1.66 ms                                   |
| Readiness delay                     | 300 ms                                    |
| Interface                           |   |
| Туре                                | IO-Link                                   |
| IO-Link                             |   |
| COM mode                            | COM3                                      |
| Min. cycle time                     | COM3 = 0.4 ms                             |
| Frame type                          | 2.5                                       |
| Specification                       | V1.1                                      |
| Device ID                           | 2139                                      |
| SIO-mode support                    | Yes                                       |
| Process data IN                     | 8 bit                                     |
| Process data OUT                    | 8 bit                                     |
| Dual Channel                        | Yes                                       |
| Connection                          |   |
| Connection 1                        |   |
| Function                            | Signal IN                                 |
|                                     | Signal OUT                                |
|                                     | Voltage supply                            |
| Type of connection                  | Connector                                 |
| Thread size                         | M8  |
| Туре                                | Male                                      |

#### Notes

| Observe intended use!  |
|--|
| <sup>t</sup> This product is not a safety sensor and is not intended as personnel protection. <sup>t</sup> The product may only be put into operation by competent persons. <sup>t</sup> Only use the product in accordance with its intended use. |

#### **Further information**

- Light source: Average life expectancy 100,000 h at an ambient temperature of 25  $^\circ\text{C}$

LETHER | 50144900 | MD 798i-11-82/L5-<br>2222 | IO-Link master | Type: IO-Link master<br>Current consumption, max.: 11,000 mA<br>Switching outputs for each sensor connection: 1 Piece(s)<br>Switching output: Transistor, PNP<br>Interface: IO-Link, Automatic protocol detection, EtherNet IP, Modbus TCP,<br>PROFINET<br>Connections: 12 Piece(s)<br>Sensor connections: 8 Piece(s)<br>Connections for voltage supply: 2 Piece(s)<br>Interface connections: 2 Piece(s)<br>Degree of protection: IP 67, IP 65, IP 69K |

#### Connection technology - Connection cables

|   | Part no. | Designation       | Article          | Description  |
|---|----------|-------------------|------------------|--|
| Ŵ | 50130850 | KD U-M8-4A-V1-050 | Connection cable | Connection 1: Connector, M8, Axial, Female, 4 -pin<br>Connector, LED: No<br>Connection 2: Open end<br>Shielded: No<br>Cable length: 5.000 mm<br>Sheathing material: PVC  |
| Ŵ | 50130871 | KD U-M8-4W-V1-050 | Connection cable | Connection 1: Connector, M8, Angled, Female, 4 -pin<br>Connector, LED: No<br>Connection 2: Open end<br>Shielded: No<br>Cable length: 5.000 mm<br>Sheathing material: PVC |

#### Mounting technology - Mounting brackets

| <br>Part no. | Designation | Article          | Description   |
|--------------|-------------|------------------|---|
| 50118543     | BT 300M.5   | Mounting bracket | Design of mounting device: Angle, L-shape<br>Fastening, at system: Through-hole mounting<br>Mounting bracket, at device: Screw type, Suited for M4 screws<br>Type of mounting device: Adjustable<br>Material: Stainless steel |

#### Mounting technology - Rod mounts

|    | Part no. | Designation  | Article         | Description  |
|----|----------|--------------|-----------------|--|
| 00 | 50117829 | BTP 200M-D12 | Mounting system | Design of mounting device: Protection hood<br>Fastening, at system: For 12 mm rod<br>Mounting bracket, at device: Screw type<br>Type of mounting device: Clampable, Adjustable, Turning, 360°<br>Material: Metal |

#### Accessories

## Leuze

|    | Part no. | Designation     | Article         | Description  |
|----|----------|-----------------|-----------------|--|
|    | 50117252 | BTU 300M-D12    | Mounting system | Design of mounting device: Mounting system<br>Fastening, at system: For 12 mm rod, Sheet-metal mounting<br>Mounting bracket, at device: Screw type, Suited for M4 screws<br>Type of mounting device: Clampable, Adjustable, Turning, 360°<br>Material: Metal |
| Pe | 50142207 | BTU 300M-D12-90 | Rod mounting    | Design of mounting device: Mounting system<br>Fastening, at system: For 12 mm rod, Sheet-metal mounting<br>Mounting bracket, at device: Screw type, Suited for M4 screws<br>Type of mounting device: Clampable, Adjustable, Turning, 360°<br>Material: Metal |
|    | 50142208 | BTU D12M-L-200  | Rod             | Design of mounting device: Rod<br>Fastening, at system: Clampable<br>Mounting bracket, at device: Clampable<br>Material: Metal   |
