For illustration purposes only

**CDRH** Ethernet

## Technical data

### Basic data

|             |                     |
|-------------|---------------------|
| Series      | 36                  |
| Application | 3D object detection |

### Special version

|                 |                       |
|-----------------|-----------------------|
| Special version | Synchronization input |
|-----------------|-----------------------|

### Optical data

|              |            |
|--------------|------------|
| Light source | Laser, Red |
| Laser class  | 2M         |

### Measurement data

|                             |                |
|-----------------------------|----------------|
| X-axis detection range      | 150 ... 600 mm |
| Z-axis detection range      | 200 ... 800 mm |
| Minimum object size, x-axis | 2 ... 3 mm     |
| Minimum object size, z-axis | 2 ... 6 mm     |

### Electrical data

#### Performance data

|                      |                 |
|----------------------|-----------------|
| Supply voltage $U_B$ | 18 ... 30 V, DC |
|----------------------|-----------------|

#### Inputs

|                             |            |
|-----------------------------|------------|
| Number of activation inputs | 1 Piece(s) |
|-----------------------------|------------|

#### Outputs

|                                     |            |
|-------------------------------------|------------|
| Number of digital switching outputs | 6 Piece(s) |
|-------------------------------------|------------|

#### Switching outputs

##### Switching output 1

|                   |                       |
|-------------------|-----------------------|
| Switching element | Transistor, Push-pull |
|-------------------|-----------------------|

##### Switching output 2

|                   |                       |
|-------------------|-----------------------|
| Switching element | Transistor, Push-pull |
|-------------------|-----------------------|

##### Switching output 3

|                   |                       |
|-------------------|-----------------------|
| Switching element | Transistor, Push-pull |
|-------------------|-----------------------|

##### Switching output 4

|                   |                       |
|-------------------|-----------------------|
| Switching element | Transistor, Push-pull |
|-------------------|-----------------------|

##### Switching output 5

|                   |                       |
|-------------------|-----------------------|
| Switching element | Transistor, Push-pull |
|-------------------|-----------------------|

##### Switching output 6

|                   |                      |
|-------------------|----------------------|
| Switching element | Push-pull Transistor |
|-------------------|----------------------|

### Time behavior

|               |       |
|---------------|-------|
| Response time | 10 ms |
|---------------|-------|

### Interface

|      |          |
|------|----------|
| Type | Ethernet |
|------|----------|

### Connection

|                       |            |
|-----------------------|------------|
| Number of connections | 3 Piece(s) |
|-----------------------|------------|

### Connection 1

|                    |                                           |
|--------------------|-------------------------------------------|
| Function           | Signal IN<br>Signal OUT<br>Voltage supply |
| Type of connection | Connector                                 |
| Thread size        | M12                                       |
| Type               | Male                                      |
| Material           | Metal                                     |
| No. of pins        | 8 -pin                                    |
| Encoding           | A-coded                                   |

### Connection 2

|                    |                                           |
|--------------------|-------------------------------------------|
| Function           | Configuration interface<br>Data interface |
| Type of connection | Connector                                 |
| Thread size        | M12                                       |
| Type               | Female                                    |
| Material           | Metal                                     |
| No. of pins        | 4 -pin                                    |
| Encoding           | D-coded                                   |

### Connection 3

|                    |           |
|--------------------|-----------|
| Type of connection | Connector |
| Thread size        | M12       |
| Type               | Female    |
| Material           | Metal     |
| No. of pins        | 8 -pin    |
| Encoding           | A-coded   |

### Mechanical data

|                       |                        |
|-----------------------|------------------------|
| Dimension (W x H x L) | 56 mm x 160 mm x 74 mm |
| Housing material      | Metal<br>Plastic       |
| Metal housing         | Aluminum               |
| Lens cover material   | Glass                  |
| Net weight            | 620 g                  |

### Environmental data

|                                |               |
|--------------------------------|---------------|
| Ambient temperature, operation | -30 ... 50 °C |
|--------------------------------|---------------|

### Certifications

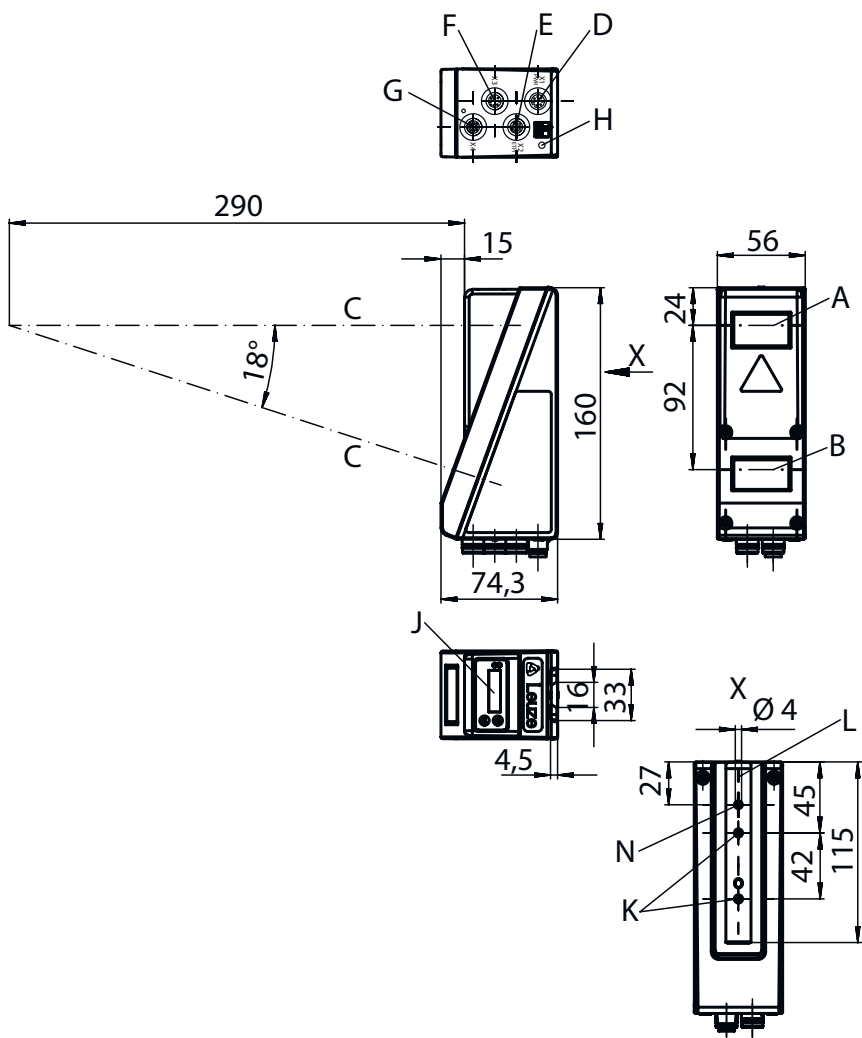

|                      |               |
|----------------------|---------------|
| Degree of protection | IP 67         |
| Protection class     | III           |
| Approvals            | c UL US       |
| Standards applied    | IEC 60947-5-2 |

# Dimensioned drawings

All dimensions in millimeters

- A Transmitter
- B Receiver
- C Optical axis
- D, E, F, G X1-X4 connections
- H FE screw
- J OLED display and membrane keyboard
- K M4 thread (4.5 mm deep)
- L Support for mounting system

## Electrical connection

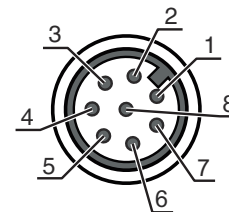

### Connection 1

|                    |                |
|--------------------|----------------|
| Function           | Signal IN      |
|                    | Signal OUT     |
|                    | Voltage supply |
| Type of connection | Connector      |
| Thread size        | M12            |
| Type               | Male           |
| Material           | Metal          |
| No. of pins        | 8 -pin         |
| Encoding           | A-coded        |

# Electrical connection

## Pin Pin assignment

|   |       |
|---|-------|
| 1 | V+    |
| 2 | IN 1  |
| 3 | GND   |
| 4 | OUT 1 |
| 5 | IN 2  |
| 6 | OUT 2 |
| 7 | n.c.  |
| 8 | n.c.  |

## Connection 2

|                    |                                           |
|--------------------|-------------------------------------------|
| Function           | Configuration interface<br>Data interface |
| Type of connection | Connector                                 |
| Thread size        | M12                                       |
| Type               | Female                                    |
| Material           | Metal                                     |
| No. of pins        | 4 -pin                                    |
| Encoding           | D-coded                                   |

## Pin Pin assignment

|   |     |
|---|-----|
| 1 | Tx+ |
| 2 | Rx+ |
| 3 | Tx- |
| 4 | Rx- |

## Connection 3

|                    |           |
|--------------------|-----------|
| Type of connection | Connector |
| Thread size        | M12       |
| Type               | Female    |
| Material           | Metal     |
| No. of pins        | 8 -pin    |
| Encoding           | A-coded   |

## Pin Pin assignment

|   |       |
|---|-------|
| 1 | OUT 4 |
| 2 | OUT 3 |
| 3 | GND   |
| 4 | OUT 2 |
| 5 | OUT 1 |
| 6 | IN3   |
| 7 | IN2   |
| 8 | IN1   |

## Notes

**Observe intended use!**

- This product is not a safety sensor and is not intended as personnel protection.
- The product may only be put into operation by competent persons.
- Only use the product in accordance with its intended use.

**NOTE**

- For UL applications, use is only permitted in Class 2 circuits in accordance with the NEC (National Electric Code).

## Notes

### ATTENTION! LASER RADIATION – CLASS 2M LASER PRODUCT

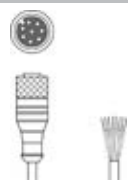

#### Do not stare into beam or expose users of telescopic optics!

The device satisfies the requirements of IEC 60825-1:2014 / EN 60825-1:2014+A11:2021 safety regulations for a product of **laser class 2M** and complies with U.S. 21 CFR 1040.10 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019.

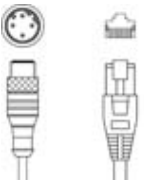

- ⚠ Never look directly into the laser beam or in the direction of reflected laser beams! If you look into the beam path over a longer time period, there is a risk of injury to the retina.
- ⚠ Do not point the laser beam of the device at persons!
- ⚠ Interrupt the laser beam using a non-transparent, non-reflective object if the laser beam is accidentally directed towards a person.
- ⚠ When mounting and aligning the device, avoid reflections of the laser beam off reflective surfaces!
- ⚠ CAUTION! The use of operating and adjusting devices other than those specified here or the carrying out of differing procedures may lead to dangerous exposure to radiation! The use of optical instruments or devices (e.g., magnifying glasses, binoculars) in combination with the device increases the danger of eye damage.
- ⚠ Observe the applicable statutory and local laser protection regulations.
- ⚠ The device must not be tampered with and must not be changed in any way.  
There are no user-serviceable parts inside the device.  
There are no user-serviceable parts inside the device.  
Repairs must only be performed by Leuze electronic GmbH + Co. KG.
- ⚠ The device emits a divergent, pulsed laser beam. For laser power, pulse duration and wavelength, see technical data.

## Accessories

### Connection technology - Connection cables

|                                                                                    | Part no. | Designation        | Article          | Description                                                                                                                                                                                                                    |
