

## Technical data sheet Safety laser scanner

Part no.: 53800209

RSL420-S/CU416-5

For illustration purposes only

### Contents

- Technical data
- Dimensioned drawings
- Electrical connection
- Operation and display
- Notes
- Accessories

## Technical data

### Basic data

|             |  |
|-------------|--|
| Series      | RSL 400  |
| Application | Mobile danger zone guarding<br>Mobile side guarding<br>Stationary access guarding<br>Stationary danger zone guarding |

### Functions

|           |   |
|-----------|---|
| Functions | Dynamic contactor monitoring (EDM), selectable<br>E-stop linkage<br>Four-field mode |
| Restart   | Start/restart interlock (RES), selectable   |

### Characteristic parameters

|                             |                          |
|-----------------------------|--------------------------|
| Type                        | 3, IEC/EN 61496          |
| SIL                         | 2, IEC 61508             |
| SILCL                       | 2, IEC/EN 62061          |
| Performance Level (PL)      | d, EN ISO 13849-1        |
| PFH <sub>D</sub>            | 9E-08 per hour           |
| Mission time T <sub>M</sub> | 20 years, EN ISO 13849-1 |
| Category                    | 3, EN ISO 13849          |

### Protective field data

|   |                       |
|---|-----------------------|
| Resolution (adjustable)                     | 30/40/50/60/70/150 mm |
| Minimum adjustable range                    | 50 mm                 |
| Number of field pairs, switchable           | 10                    |
| Number of quads, switchable                 | 10                    |
| Number of protective functions              | 1 Piece(s)            |
| Number of independent sensor configurations | 1                     |
| Diffuse reflection, min.                    | 1.8 %                 |
| Operating range                             | 0 ... 3 m             |

### Warning field data

|                          |                 |
|--------------------------|-----------------|
| Number of field pairs    | 10              |
| Operating range          | 0 ... 20 m      |
| Object size              | 150 mm x 150 mm |
| Diffuse reflection, min. | 10 %            |

### Optical data

|                          |                        |
|--------------------------|------------------------|
| Light source             | Laser, Infrared        |
| Wavelength               | 905 nm                 |
| Laser class              | 1, IEC/EN 60825-1:2014 |
| Transmitted-signal shape | Pulsed                 |
| Repetition frequency     | 90 kHz                 |
| Angular resolution       | 0.1 °                  |
| Scanning angle           | 270 °                  |

### Electrical data

|  |  |
|--|--|
| Protective circuit                       | Overvoltage protection                   |
| <b>Performance data</b>                  |  |
| Supply voltage U <sub>B</sub>            | 24 V, DC, -30 ... 20 %                   |
| Current consumption (without load), max. | 700 mA, (use power supply unit with 3 A) |
| Power consumption, max.                  | 17 W, For 24 V, plus output load         |

### Outputs

|  |            |
|--|------------|
| Number of signal outputs, configurable             | 4 Piece(s) |
| Number of safety-related switching outputs (OSSDs) | 2 Piece(s) |

### Safety-related switching outputs

|                              |                                      |
|------------------------------|--------------------------------------|
| Type                         | Safety-related switching output OSSD |
| Switching voltage high, min. | 20.8 V                               |
| Switching voltage low, max.  | 2 V                                  |
| Voltage type                 | DC                                   |
| Switching current, max.      | 300 mA                               |

### Safety-related switching output 1

|                   |                         |
|-------------------|-------------------------|
| Assignment        | Connection 1, gray wire |
| Switching element | Transistor, PNP         |

### Safety-related switching output 2

|                   |                         |
|-------------------|-------------------------|
| Assignment        | Connection 1, pink wire |
| Switching element | Transistor, PNP         |

### Time behavior

|               |          |
|---------------|----------|
| Response time | 80 ms, ≥ |
|---------------|----------|

### Service interface

|      |                          |
|------|--------------------------|
| Type | Bluetooth, Ethernet, USB |
|------|--------------------------|

### Ethernet

|            |  |
|------------|--|
| Function   | Configuration/parametization<br>TCP/IP |
| Connection | M12 connector, 4-pin, D-coded          |

### Bluetooth

|                             |                                 |
|-----------------------------|---------------------------------|
| Function                    | Configuration/parametization    |
| Frequency band              | 2,400 ... 2,483.5 MHz           |
| Radiated transmitting power | Max. 4.5 dBm (2.82 mW), class 2 |

### USB

|                          |  |
|--------------------------|--|
| Function                 | Configuration/parametization                                   |
| Connection               | USB 2.0 mini-B, socket   |
| Transmission speed, max. | 12 Mbit/s  |
| Cable length             | ≤ 5m<br>Longer cable lengths are possible using active cables. |

### Connection

|                       |            |
|-----------------------|------------|
| Number of connections | 2 Piece(s) |
|-----------------------|------------|

### Connection 1

|                            |                      |
|----------------------------|----------------------|
| Function                   | Machine interface    |
| Type of connection         | Cable                |
| Cable length               | 5,000 mm             |
| Sheathing material         | PVC                  |
| Cable color                | Black                |
| Number of conductors       | 16 -wire             |
| Wire cross section supply  | 1 mm <sup>2</sup>    |
| Wire cross section signals | 0.14 mm <sup>2</sup> |

## Technical data

### Connection 2

|                    |                |
|--------------------|----------------|
| Function           | Data interface |
| Type of connection | Connector      |
| Thread size        | M12            |
| Type               | Female         |
| Material           | Metal          |
| No. of pins        | 4 -pin         |
| Encoding           | D-coded        |

### Cable properties

|                        |      |
|------------------------|------|
| Cable resistance, max. | 15 Ω |
|------------------------|------|

### Mechanical data

|                       |   |
|-----------------------|---|
| Dimension (W x H x L) | 140 mm x 149 mm x 140 mm  |
| Housing material      | Metal<br>Plastic  |
| Metal housing         | Diecast zinc  |
| Lens cover material   | Plastic/PC  |
| Net weight            | 3,000 g   |
| Housing color         | Yellow, RAL 1021  |
| Type of fastening     | Mounting plate<br>Through-hole mounting<br>Via optional mounting device |

### Operation and display

|                       |                                       |
|-----------------------|---------------------------------------|
| Type of display       | Alphanumeric display<br>LED indicator |
| Number of LEDs        | 3 Piece(s)                            |
| Type of configuration | Software Sensor Studio                |
| Operational controls  | Software Sensor Studio                |

### Environmental data

|                                    |               |
|------------------------------------|---------------|
| Ambient temperature, operation     | 0 ... 50 °C   |
| Ambient temperature, storage       | -20 ... 60 °C |
| Relative humidity (non-condensing) | 15 ... 95 %   |

### Certifications

|   |  |
|---|--|
| Degree of protection  | IP 65  |
| Protection class  | III, EN 61140                                      |
| Approvals   | c TÜV Süd US<br>c UL US<br>TÜV Süd                 |
| Test procedure for EMC in accordance with standard              | DIN 40839-1/3<br>EN 61496-1                        |
| Test procedure for oscillation in accordance with standard      | EN 60068-2-6                                       |

| Brown / Green   | SE1                  |
| White / Yellow  | SE2                  |
| Brown / Yellow  | A2                   |

# Electrical connection

## Connection 2

|                    |                |
|--------------------|----------------|
| Function           | Data interface |
| Type of connection | Connector      |
| Thread size        | M12            |
| Type               | Female         |
| Material           | Metal          |
| No. of pins        | 4 -pin         |
| Encoding           | D-coded        |
| Connector housing  | FE/SHIELD      |

| Pin | Pin assignment | Conductor color |
|-----|----------------|-----------------|
| 1   | TD+            | Yellow          |
| 2   | RD+            | White           |
| 3   | TD-            | Orange          |
| 4   | RD-            | Blue            |
| 5   |                |                 |

# Operation and display

| LED | Display                  | Meaning   |
|-----|--------------------------|---|
| 1   | Off                      | Device switched off   |
|     | Red, continuous light    | OSSD off  |
|     | Red, flashing            | Error   |
|     | Green, continuous light  | OSSD on   |
| 2   | Off                      | RES deactivated or RES activated and released   |
|     | Yellow, flashing         | Protective field occupied   |
|     | Yellow, continuous light | RES activated and blocked but ready to be unlocked - protective field free and linked sensor is enabled if applicable |
| 3   | Off                      | Free warning field  |
|     | Blue, continuous light   | Warning field interrupted   |
| 4   | Off                      | Four field mode: warning field 3 free   |
|     | Blue, continuous light   | Four field mode: warning field 3 interrupted  |
| 5   | Yellow, flashing         | Four field mode: warning field 2 interrupted  |

# Notes

**! Observe intended use!**

**!** The product may only be put into operation by competent persons.  
 Only use the product in accordance with its intended use.

**! ATTENTION! INVISIBLE LASER RADIATION – CLASS 1 LASER PRODUCT**

The device satisfies the requirements of IEC/EN 60825-1:2014 safety regulations for a product of **laser class 1** and complies with 21 CFR 1040.10 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019.

Observe the applicable statutory and local laser protection regulations.

The device must not be tampered with and must not be changed in any way. There are no user-serviceable parts inside the device. Repairs must only be performed by Leuze electronic GmbH + Co. KG.

## Accessories

### Connection technology - Interconnection cables
