

# **Technical data sheet Optical positioning sensor**

Part no.: 50151441

AMS 108i 40 BTA

### Contents

- Technical data
- Dimensioned drawings
- Electrical connection
- Diagrams
- Operation and display
- Part number code
- Notes
- Further information
- Accessories

## **Technical data**

### Basic data

| Series      | AMS 100i  |
|-------------|---|
| Application | Collision protection of cranes / gantry cranes              |
|             | Positioning of electroplating plants                        |
|             | Positioning of skillet systems and side-<br>tracking skates |
|             | Positioning of stacker cranes                               |

### **Characteristic parameters**

| MTTF                                 | 27 years               |
|--------------------------------------|------------------------|
| Optical data                         |                        |
| Light source                         | Laser, Red             |
| Wavelength                           | 660 nm                 |
| Laser class                          | 2, IEC/EN 60825-1:2014 |
| Max. laser power                     | 0.004 W                |
| Transmitted-signal shape             | Modulated              |
| Pulse duration                       | 0.8 µs                 |
| Light spot size [at sensor distance] | 40 mm [40,000 mm]      |
| Type of light spot geometry          | Round                  |

### Measurement data

| Measurement range                        | 100 40,000 mm                                |
|--|--|
| Resolution                               | 0.001 10 mm                                  |
| Accuracy                                 | 2 mm, +/-                                    |
| Reproducibility (3 sigma), short range   | 0.9 mm (with measurement range up to 500 mm) |
| Reproducibility (3 sigma), distant range | 0.6 mm (with measurement range from 500 mm)  |
| Measurement value output                 | 1.7 ms                                       |
| Temperature drift, absolute (mm/10K)     | ≤ 1 mm/10K                                   |
| Max. traverse rate                       | 10 m/s                                       |
|  |  |

## **Electrical data**

| Protective circuit            | No information |
|-------------------------------|----------------|
| Performance data              |                |
| Supply voltage U <sub>B</sub> | 18 30 V, DC    |
| Current consumption, max.     | 250 mA         |

#### Time behavior

| Response time | 14 ms, Basis for contouring error calcu- |
|---------------|--|
|               | lation = 7 ms                            |

2 Piece(s)

## Connection

**Number of connections** 

| Connection 1          |                |
|-----------------------|----------------|
| Function              | Signal IN      |
|                       | Signal OUT     |
|                       | Voltage supply |
| Type of connection    | Connector      |
| Designation on device | XD1 PWR        |
| Thread size           | M12            |
| Туре                  | Male           |
| Material              | Metal          |
| No. of pins           | 5 -pin         |
| Encoding              | A-coded        |

| Connection 2          |                       |
|-----------------------|-----------------------|
| Function              | EtherNet TCP/IP, UDP  |
|                       | Service interface     |
| Type of connection    | Connector             |
| Designation on device | XF1 NET / XF0 service |
| Thread size           | M12                   |
| Туре                  | Female                |

4 -pin D-coded

### **Mechanical data**

No. of pins

Encoding

| Design                | Cubic                   |
|-----------------------|-------------------------|
| Dimension (W x H x L) | 70 mm x 139 mm x 118 mm |
| Housing material      | Metal                   |
| Metal housing         | Diecast aluminum        |
| Lens cover material   | Glass                   |
| Net weight            | 1,100 g                 |
| Housing color         | Gray                    |
|                       | Red                     |
| Type of fastening     | Through-hole mounting   |

## **Operation and display**

| Type of display      | LC Display        |
|----------------------|-------------------|
|                      | LED               |
| Number of LEDs       | 2 Piece(s)        |
| Operational controls | Membrane keyboard |

### **Environmental data**

| Ambient temperature, operation     | -5 60 °C  |
|------------------------------------|-----------|
| Ambient temperature, storage       | -30 70 °C |
| Relative humidity (non-condensing) | 90 %      |

### Certifications

| Degree of protection | IP 65 |
|----------------------|-------|
| Protection class     | III   |
| Approvals            | UL    |

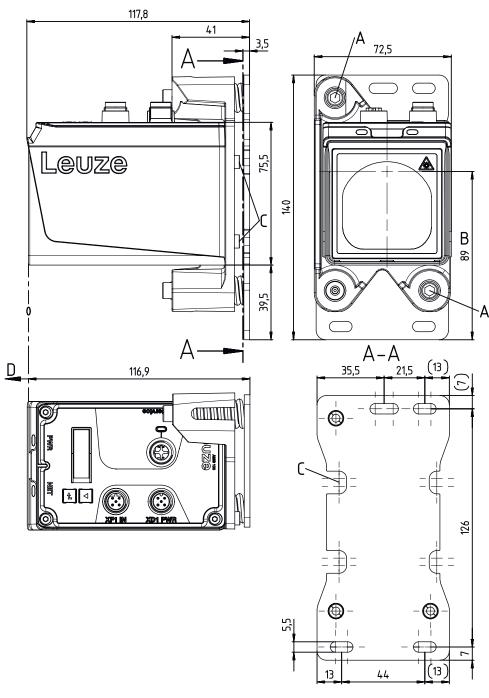

### Classification

| Customs tariff number | 90318020 |
|-----------------------|----------|
| ECLASS 5.1.4          | 27270801 |
| ECLASS 8.0            | 27270801 |
| ECLASS 9.0            | 27270801 |
| ECLASS 10.0           | 27270801 |
| ECLASS 11.0           | 27270801 |
| ECLASS 12.0           | 27270916 |
| ECLASS 13.0           | 27270916 |
| ECLASS 14.0           | 27270916 |
| ECLASS 15.0           | 27270916 |
| ETIM 5.0              | EC001825 |
| ETIM 6.0              | EC001825 |
| ETIM 7.0              | EC001825 |
| ETIM 8.0              | EC001825 |
| ETIM 9.0              | EC001825 |
| ETIM 10.0             | EC001825 |

## **Dimensioned drawings**

Leuze

All dimensions in millimeters

- Adjustment screws with hexagon socket WAF4
- Optical axis

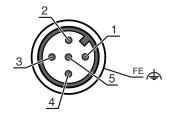

- C Mounting option for alignment device "BTA"
- Zero point of the distance to be measured

## **Electrical connection**

| Connection 1       | XD1 PWR        |
|--------------------|----------------|
| Function           | Signal IN      |
|                    | Signal OUT     |
|                    | Voltage supply |
| Type of connection | Connector      |
| Thread size        | M12            |
| Туре               | Male           |
| Material           | Metal          |
| No. of pins        | 5 -pin         |
| Encoding           | A-coded        |

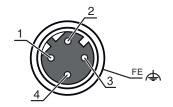

| Pin | Pin assignment |
|-----|----------------|
| 1   | V+             |
| 2   | I/O 1          |
| 3   | GND            |
| 4   | 1/0 2          |
| 5   | FE             |

#### **Connection 2** XF1 NET / XF0 service

| Function           | EtherNet TCP/IP, UDP |
|--------------------|----------------------|
|                    | Service interface    |
| Type of connection | Connector            |
| Thread size        | M12                  |
| Туре               | Female               |
| Material           | Metal                |
| No. of pins        | 4 -pin               |
| Encoding           | D-coded              |

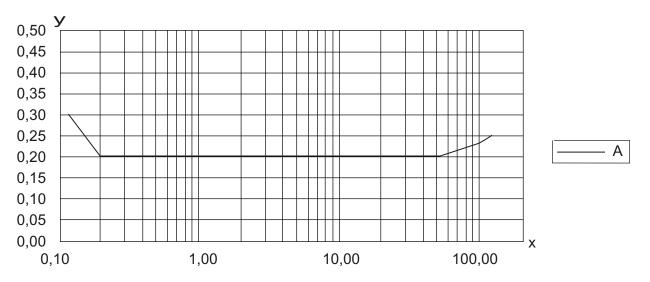

| Pin | Pin assignment |
|-----|----------------|
| 1   | TD+            |
| 2   | RD+            |
| 3   | TD-            |
| 4   | RD-            |

## **Diagrams**

## Typ. reproducibility

- X Reproducibility [mm]
- Distance [m]
- 1 sigma (max) / mm

## **Operation and display**

| LED   | Display                  | Meaning  |
|-------|--------------------------|--|
| 1 PWR | Off                      | No supply voltage  |
|       | Green, flashing          | Voltage connected / no measurement value output / initialization running |
|       | Green, continuous light  | Device OK, measurement value output                                      |
|       | Red, flashing            | Device OK, warning set   |
|       | Red, continuous light    | No measurement value output  |
|       | Orange, continuous light | No data transmission   |
| 2 BUS | Off                      | No supply voltage  |
|       | Green, continuous light  | Data transmission active   |
|       | Green, flashing          | Device ok, initialization phase  |

## Part number code

Part designation: AMS 1XXi YYY Z AAA

| AMS  | Series AMS: absolute measurement system                                      |
|------|--|
| 1XXi | Interface 108i: EtherNet TCP/IP  |
| YYY  | Operating range 40: max. operating range in m 120: max. operating range in m |
| AAA  | Special equipment BTA: adjustable mounting device                            |

Note

∜ A list with all available device types can be found on the Leuze website at www.leuze.com.

## Notes

### Observe intended use!

- \$ This product is not a safety sensor and is not intended as personnel protection.
- The product may only be put into operation by competent persons.
- Only use the product in accordance with its intended use.

#### ATTENTION! LASER RADIATION - CLASS 2 LASER PRODUCT

#### Do not stare into beam!

The device satisfies the requirements of IEC/EN 60825-1:2014 safety regulations for a product of laser class 2 as well as the U.S. 21 CFR 1040.10 regulations with deviations corresponding to Laser Notice No. 56 from May 08, 2019.

- Never look directly into the laser beam or in the direction of reflected laser beams! If you look into the beam path over a longer time period, there is a risk of injury to the retina.
- b Do not point the laser beam of the device at persons!
- 🖖 Interrupt the laser beam using a non-transparent, non-reflective object if the laser beam is accidentally directed towards a person.
- ♥ When mounting and aligning the device, avoid reflections of the laser beam off reflective surfaces!
- CAUTION! The use of operating and adjusting devices other than those specified here or the carrying out of differing procedures may lead to dangerous exposure to radiation!
- below the applicable statutory and local laser protection regulations.
- \$ The device must not be tampered with and must not be changed in any way. There are no user-serviceable parts inside the device. Repairs must only be performed by Leuze electronic GmbH + Co. KG.

#### **NOTE**

### Affix laser information and warning signs!

Laser information and warning signs are affixed to the device. In addition, self-adhesive laser information and warning signs (stick-on labels) are supplied in several languages

- "Affix the laser information sheet to the device in the language appropriate for the place of use. When using the device in the US, use the stick-on label with the "Complies with 21 CFR 1040.10" note.
- 🌣 Affix the laser information and warning signs near the device if no signs are attached to the device (e.g. because the device is too small) or if the attached laser information and warning signs are concealed due to the installation position.
- 🌣 Affix the laser information and warning signs so that they are legible without exposing the reader to the laser radiation of the device or other optical

## **Further information**

- · For UL applications, use is only permitted in Class 2 circuits in accordance with the NEC (National Electric Code).
- · Use as safety-related component within the safety function is possible, if the component combination is designed correspondingly by the machine manufacturer.
