## Technical data

### Mechanical data

Design	Rectangular
Direction-dependent	No
Reflective surface, height	500 mm
Reflective surface, width	500 mm
Reflector material	Plastic
Polarization-changing	Yes
Chemical designation, reflector material	PMMA
Structure, active surface	Micro prism
Net weight	300 g
Type of fastening	Adhesive

### Environmental data

Ambient temperature, operation	-40 ... 80 °C
--------------------------------	---------------

### Classification

Customs tariff number	39191080
