

Technical data sheet

Battery

Part no.: 50142141

Battery HS6678

Contents

- Technical data

Figure can vary

Technical data

Basic data

Suitable for	HS 6678
--------------	---------

Electrical data

Performance data

Supply voltage U_B	3.6 V, DC, 0 %
----------------------	----------------

Battery technology	Lilon
--------------------	-------

Battery storage capacity	3.1 A·h
--------------------------	---------

Classification

Customs tariff number	85076000
-----------------------	----------
